HOME AGAIN.

Mrs. Fusan-Fidgett,
Early in the summer,
Vowed that further life at home
Soon would overcome her;
Packed her trunks and went away
For some recreation;
Wrote that Newport and Cape May
Simply were stagnation;

Took the train to Florida—
Didn't like the weather;
Hurried to Los Angeles—
Found that altogether
Wearisome and commonplace,
Full of idle tattle;
Took a steamer up the coast;
Landed at Seattle;

Muddy season in that place,
Murmured, "What a pity!"
Climbed aboard the boat again—
Off to Dawson City;
Frosty breezes further North
Swooped around and nipped her—
Worried till they met a boat—
Then the crew transhipped her.

Back to San Francisco then,
Met a Mrs. Johnson;
Joined a party to the woods
Way up in Wisconsin;
Didn't like the camping out—
Said she didn't want to
Seem so rude, but really must
Hasten to Toronto.

Something at Toronto, raised
Her intense abhorrence;
Left there in the afternoon
Booked for St. Lawrence;
Didn't think the Thousand Isles
Were the least bit pretty—
Left the ship and took a train
Bound for New York City.

Well she wasn't "rested up"—
Found herself more worried—
Thought of home, repacked her trunks,
Once again she hurried.
Woman's Club where she presides
Anxiously suggested
Talk on her trip; she said:
"Wait till I am rested."

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

Mr. Eckstein shipped 16 horses from this city to the Fox Sale Stables in Cincinnati this morning.

The telephone people made a third attempt yesterday to raise the 110 feet tower and failed; another wire rope broke.

Governor W. O. Bradley will deliver the first of a series of addresses for the Republican ticket at Lebanon October 22d.

The melon crop of Robertson county was so large this season that the past week they were retailed at Mt. Olivet at a penny each.

Charles William, son of Mr. and Mrs. C. Ed. Geisel, who has been seriously ill for the past ten days with pneumonia, is improving slowly.

The youngsters who "shiver-ee'd" Mr. Dennis Desmond last night are kicking because he did not recognize their good intention by passing around cake and wine.

The Emma Cooper is employed in transferring the sand and gravel taken out of the excavation for the ice pier and dumping on the sandbar on the Ohio side below the city.

The regular monthly meeting of the Mason County Medical Society will be held Wednesday September 30th, at 2 o'clock p. m. in G. A. R. Hall. This meeting will be one of business, in which 'tis hoped every member will take sufficient interest to induce his presence.

A. G. BROWNING, Secretary.

Having accepted the agency for a line of fine engraved stationery, in order to introduce this line we will furnish 100 handsome engraved visiting cards with plate for \$1, this for a limited time; 100 cards from your plate for 60c. Orders received for engraved wedding invitations. MURPHY, the Jeweler.

Captain F. Stanley Watson has received his official notification for transporting the Maysville Company of State Guards to West Point. The boys will leave here Thursday morning at 5:40 o'clock over the L. and N., going through to Howard, reaching there at 2:15 p. m., from which point they will march to camp. The cost to the Government for the round-trip over the L. and N. is \$4.94 per capita.

Faust's Minstrels last night, so far as the minstrel part was concerned, was a tame affair. There were several fellows who thought they could sing, but who clearly have a number of things coming, while the "jokes" were mostly left-overs from Noah's original collection. However, the D'Arvilles and the balance of the Fausts, in a musical turn and acrobatic feats, was all that could be desired. They were, in fact, all the money.

Miss Ethel Vicroy, who has held a position with the Keystone Commercial Company as stenographer and assistant bookkeeper, has resigned her place to accept the position of Court stenographer at Fayetteville, W. Virginia, at a salary of \$1,500 per year. The many friends of this excellent young lady will rejoice at her rapid advancement. The Ledger is glad of the opportunity to speak word of praise of one as worthy as Miss Ethel, and wish her all manner of good luck and pleasant surroundings.

A party consisting of Colonel Tom Guilfoyle, Cal Arthur, Squire Clark and Buck Clift left this morning to attend the Oakley Races, and incidentally bankrupt the bookies.

The steamboat landing at the upper grade presents a busy scene these bright fall days, with the Emma Cooper, the New Cooper, the Laurance, the Dredgeboat, Wharfboat and three or four model barges for a back ground, and the forty or fifty men employed in building the ice pier,—not counting the fifty or more onlookers who are there for the purpose of seeing that the work goes on properly—the river front presents the most animated spot to be found in the confines of the city.

MAYSVILLE AUTHORESS.

Mrs. Katherine Tabb Craven Contributes a Song of Kentucky.

A charming little song has just appeared in music circles and is attracting much attention owing, not only to its merit but to the prominence of the young composer, Mrs. Katherine Tabb Craven, wife of Dr. Oscar Craven of Fourth and Broadway, Cincinnati, and daughter of Mr. and Mrs. Charles E. Tabb.

Mrs. Craven's birthplace is Maysville and the sentiments so beautifully expressed in the song were inspired by this region of the Bluegrass State. The song is dedicated to her father and mother, and the verses are as follows:

Of a peaceful valley, bordered by a stream,
Nestling softly 'neath the hills, do I sit and dream,
There I spent my childhood, and this quiet dell
Brought me joys so strange and sweet, brought me
Little griefs as well.

Down in Kentucky, where the bluegrass grows,
The birds are ever singing, the rose its fragrance
Throws,
The sun shines there more brightly than any
Where on earth.

I love thee, my Kentucky, dear state that gave
me birth.
And I dwell in mem'ry on those hallowed hours,
The zephyrs seem to bring again the perfume of
sweet flowers.

The Sweet William and the rose, the violet bloom-
ing free,
The lilac bush beside the fence and the crimson
peony.

Thelily, phlox and hyacinth and fair crepe-myrtle
tree,
I love them fondly, every one: those flow'rs seem
part of me;

Oh, dear, dear old Kentucky, when I shall breathe
no more,
I pray my last long resting place may be on thy
blest shore.

THE NEW STORE MOVEMENT

To us it is a great event stepping from the old into the new. It marks an epoch in our business life. We have worked with a vim and vigor that outclassed the record of our most industrious past. Thursday it will be yours to decide our success or failure.

Come in to see our new store, tell us how we can make it more comfortable, more convenient, more attractive to you. We want the whole town with us, we want the whole county, we want just as much territory as we can make tributary. We invite suggestions—you may think of something we have missed.

THINGS WE REMEMBERED!

To employ Maysville architects, carpenters, painters and paperers.

To patronize Maysville manufacturers.

To buy from Maysville merchants.

To add six people to our force to facilitate the store service in various ways.

To provide a passenger elevator.

To equip convenient toilet rooms.

To allow ample space in the suit department for you to rest while waiting for bus or train.

To secure the best illuminating, ventilating and heating systems Maysville can supply.

To furnish new fixtures so goods can be seen at a glance.

To departmentize several important stocks to make shopping more convenient.

These are some of the things we remembered. Come in to see the others and to tell us anything you discover we've forgotten.

SENATORIAL HONORS!

Mason County Democrats Want L. W. Robertson to Wear Them.

The Democrats of Mason met last afternoon at the Courthouse to name their choice for State Senator.

Charles B. Poyntz was chosen Chairman and Editor M. F. Marsh Secretary.

On motion of Mr. Thomas M. Wood, the meeting recommended Mr. L. W. Robertson as Mason's choice, and his name will go before the joint Senatorial Convention—if he doesn't decline the empty honor.

Senator Tom Wood was a little too foxy for the boys: no empty honors for him, if you please. In the Senator's eagerness to saddle the nomination on some one else he made a motion that Judge L. W. Robertson be declared the Senatorial nominee by acclamation, apparently forgetting that Lewis county had a finger in the pie as well as Mason. The Senator was a little basty, that is all!

While witnessing a game of ball, "Dee," aged 10, son of Jailer Thompson of Mt. Olivet, was struck a terrible blow in the face with the heavy end of a bat that slipped out of the hands of a player. The same bat struck two bystanders before it struck young Thompson, felling them to the ground, thus breaking the force. His face is badly mashed and bruised but his injuries are not serious.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by J. Jas. Wood & Son, Druggists.

MILLINERY OPENING.

Miss Anna King will have her fall millinery opening October 1st, to which she invites the ladies to call, inspect goods and learn prices.

THE STAIN OF GUILT TONIGHT.

The Stain of Guilt will be at the Washington Opera-house tonight. The story of the drama is one of intense and sympathetic heart interest and is drawn on lines that are entirely original. John H. Haylin and William Garen have staged each of the scenes specially, and have given the drama a strong cast. Miss Rachel Acton, the heroine, is a young actress of merit and shows much originality in her interpretation of a difficult part. Oscar Dane the detective takes the character outside of the threadbare type which the stage has given it. There are two original characters in the play for whom the parts have been especially written, Rube Waddell, the famous baseball pitcher, and John Rucker, the greatest of colored comedians. He appears as a laborer and also does a good specialty act. Seats now on sale at Ray's Drugstore.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell of Houston, Tex., says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc." Sold by J. Jas. Wood & Son, Druggists.

AND WE HAVE ONLY STARTED. The best goods for the least money has been our success. We are after your dollars, but in return we will give you a BIGGER AND BETTER DOLLAR'S worth than any other store in Kentucky. WATCH US GROW.

COLONEL BENNETT H. YOUNG criticizes Colonel BELKNAP because he received his education at Yale College instead of in Kentucky; and yet Mr. Young himself was educated partly in Ireland and partly in Canada, while he sent his own son to Princeton, N. J. Colonel Young's consistency is of the usual Democratic pinch-beck variety.

THE Georgetown Sentinel, referring to Governor BECKHAM's persistent demand that Colonel BELKNAP declares before his election as Governor what he will do in CALVIN POWERS'S case, asks the pertinent question whether the Governor exacted from Judge ROBBINS a promise to hang POWERS before appointing him special Judge to try the case.

There would have been just as much propriety in Governor BECKHAM asking such a question of Judge ROBBINS as there is in his demanding a campaign pledge from Colonel BELKNAP.

ROBBINS'S personal selection by BECKHAM as a member of the Democratic State Campaign Committee, after his appointment as Judge to try POWERS, indicated that the Governor had entire confidence in his "reliability," even if he did not require him to answer categorically whether he would "hang POWERS and damn the Republican party."

It is pleasing to know, says The Louisville Herald, that there is one issue before the people of Kentucky in the November election absolutely free from partisan color. They are to vote on a Constitutional Amendment designed to give the cities of the state home rule in the matter

of taxation. Under the present constitutional requirement all assessments for city, town and county and state purposes are ad valorem; that is, all personal property as well as real estate is taxed alike on a value placed thereon by the Assessors. It is not proposed by the amendment now before the people to make any change whatever in the present assessment for state and county purposes. The amendment merely gives towns and cities the right to collect taxes on personal property by license or otherwise

for town and city purposes. They will continue to pay as heretofore state and county taxes.

Colonel HENRY L. STONE, City Attorney of Louisville for the last eight years, is a recognized authority on taxation. In a speech before the Kentucky Commercial Convention Colonel STONE pointed out that a large part of the assessable personalty in our cities and towns, especially that of an intangible character, such as cash, promissory notes, accounts, stocks, bonds and choses in action, is, under present laws, free from taxation altogether. There will be always inequalities in assessment, as Colonel STONE points out, where every man is practically his own assessor, intent upon giving as little as possible to the public treasury. But the community is entitled to protect itself.

Every state has the right of raising revenues after its own manner for state purposes. The various states, except Kentucky, recognize the right of their cities and towns to do the same for city and town purposes. There is no reason whatever why Kentucky should continue to refuse its cities and towns this much needed privilege. There is no question of partisanship or politics, state or National, involved. Colonel MORRIS B. BELKNAP, the Republican nominee for Governor, declares—

"The more intimate my knowledge of Kentucky becomes, the more impressed I am with its wonderful resources. Their development should be favored by every possible means; and the proposed Constitutional Amendment regarding local taxation will do much in that direction. I am heartily in favor of it."

Colonel BELKNAP's position is indorsed by Governor BECKHAM—

"I believe that such an amendment ought to be passed, and that it would give to our cities a much-needed relief. It is a matter of local self-government to them and would not in any way affect the question of state and county taxation. The larger cities of the state are anxious for the change, and there is no reason why they should not have it."

There is absolutely no question of city against country involved. It is a matter of direct value to city and of indirect value to rural populations. The amendment will carry. Every vote cast for it is a vote to lower taxes generally, to increase the state's prosperity, to encourage the establishment of new industries, to invite capital to Kentucky, to make all kinds of property subject to taxation, to place Kentucky on an equal footing with other states in the race for industrial and financial victory.

ROMANTIC MARRIAGE!

Fleming County Women Figure as
the First and Fifth Wives.

With a pretty eighteen-months-old daughter in his arms, Charles McKee, 54 years old, of Anderson, Ind., said that the new girl was his eighteenth child. The mother is one of his sweethearts of nearly thirty years ago in Fleming county. She is the fifth wife of Mr. McKee.

Recounting his series of romances, Mr. McKee said that at the age of 22 he was almost undecided whether to marry Miss Elizabeth Plummer or Miss Matilda Wheat, who were chums and both lived in the same neighborhood in Fleming county. Finally he married Miss Plummer, who died three years after the wedding.

Miss Elizabeth Humphries, also of Fleming, became the second wife of Mr. McKee, and died a few years later, after they had moved to Indiana.

His third wife was a widow, Mrs. Margaret Haggerty, and thirteen children were born to them, but Mrs. McKee No. 3 died at the age of 50.

The fourth woman to become the wife of McKee was another widow, Mrs. Olive Davis, living near Anderson, who died in less than a year after her second marriage.

Discouraged and lonesome without a wife, McKee concluded to go back to his old Kentucky home and look around for a fifth wife. While in Fleming county he called at the old Wheat homestead and there met Samuel Wheat. They were recalling their earlier days when a woman entered the room. Mr. Wheat asked Mr. McKee if he remembered the woman, who was introduced as Mrs. Doyle. The next moment McKee recognized her as Matilda Wheat, who shortly after McKee's first marriage married a man named Doyle, who died about the time that McKee lost his fourth wife. The old flame of love flashed up and four weeks later, on May 21st, 1901, they were married, and have since lived happily.

The next day after their marriage they visited an old Kentucky cemetery and placed fresh flowers upon the grave of McKee's first wife, Elizabeth Plummer, who in those days was the closest friend of the woman who had become the fifth wife of McKee.

Ten of McKee's eighteen children are living, but scattered among relatives and in schools throughout Indiana and Kentucky. McKee has the distinction of the largest family in central Indiana.

A WOMAN'S RISK

As a trapeze performer is greater than a man's. She must have a man's courage and a man's muscle to succeed. But she must also work under conditions of which a man knows nothing. Many an accident to women acrobats must be attributed to the sudden weakness to which all women are subject at certain times.

Dr. Pierce's Favorite Prescription heals the womanly diseases which cause weakness. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"With pleasure I write to-day in praise of Dr. Pierce and his medicines," says Mrs. Mary Conway, of Appleton, Lawrence Co., Tenn. "Was troubled with female disease; the back of my head hurt me so I could not lie in bed and I would have to sit up, and then I would have such pains from my waist down I could scarcely raise up. My feet and hands would feel almost like ice. Since taking Dr. Pierce's Favorite Prescription I can sleep well all night. Could hardly drag around before I took your medicine and now can do my housework and help my husband in the field. Words cannot express the thanks I owe to Dr. Pierce."

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and is handled confidentially. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

A strike of 15,000 miners employed by the Pennsylvania Coal and Coke Company is threatened.

Dynamite was exploded under the buggy of Henry Ferguson, a Wabash Railroad contractor, near West Middleton, Pa., instantly killing him. A satchel containing the weekly pay of his men amounting to \$5,000 is missing.

NEW OFFICES.

The Ticket and Freight Soliciting Departments of the Cincinnati, Hamilton and Dayton Railway, which have been located in the Chamber of Commerce Building in Cincinnati for the past fifteen years, have removed to the corner of Fifth and Walnut, in the new Traction Building. This building, which is the second of the so-called "sky-scrapers" in that city, is a magnificent one. The location is on the Public Square in the busiest corner of the city. The offices are furnished in mahogany with tile floor, and contain all modern improvements. The character of the furniture and the magnificent frontage of fifty-five feet on Fifth street, will enable them to show their friends what is now, and will likely be for some time, the finest railroad soliciting office in the country.

There is more Calarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Calarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Calarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 cents. Hall's Family Pills are the best.

River
News

The gauge reads 1.0 at this point and falling.

The Tacoma is due to pass up tonight for Pomeroy.

The Bonanza will pass down tonight and tie up until there's more water.

The Sprague and tow arrived in New Orleans Thursday. She is coming back with a tow of empties.

Captain Sterling McIntyre of the big Kanawha is going to New Orleans in a few days to bring up the New South.

The Falls City, after a busy and successful season, will go on the ways at Madison in a week or two and undergo a thorough overhauling and repainting.

The Cricket is the only boat running in the Upper Ohio at Pittsburgh. She is so light that she has to carry a rock in the engine room to keep her wheel in the water.

After falling for more than a week the Allegheny and Monongahela rivers have become stationary. The stage is such that it causes a suspension of navigation to the downriver boats except the lightest packets.

The abandoned excursion barge Annie Roberts, which sank in the Monongahela river, has been raised by the American Bridge Company. It will convert it into a boarding-house for their employees doing work along the river.

The Eagle Packet Company of St. Louis is going to build a new boat and will rebuild the steamer Gray Eagle. The new boat, which is to be built by the American River Shipbuilding Company of Jeffersonville, will be about the size of the Cape Girardeau. The Gray Eagle will have an entire new Texas and pilot-house placed on her. The Texas will extend the entire length of the boat and will be used for passengers exclusively.

The time is not far distant when the great Ohio Valley will be practically denuded of timber. While the fact is chiefly of concern to the lumbermen—to everybody indirectly, for wood in one form or another is a necessity—it presents a problem which will be of direct interest to a future generation of Ohio rivermen. It suggests even now nothing less important than reforestation.

Considerable interest is manifested among the river fraternity regarding the purchase by the Government of the five locks and dams on the Little Kanawha river from the Kanawha Navigation Company. Patrons have filed complaint with the Government protesting that the tolls charged by the company have seemed more than necessary. Major Zinn, who has charge of Government affairs in that district, has called a meeting at Parkersburg to investigate matters.

Harry Hughes of Duquesne has completed work on a patent which may make him wealthy, while at the same time revolutionize the present methods of unloading coal and other materials from barges and flats in the rivers. The machine consists of a huge tank or float which can be submerged until it rests on the bottom of the stream. The flat to be unloaded is towed over it and fastened, after which the float is brought to the surface by means of electric or steam pumps, and the barge turned partly over. The contents are dumped into chutes leading into railroad cars or other receptacles.

THE LEDGER CODE.

White streamer—Fair;
Blue—Rain or snow;
Black above—Will warm up;
Black below—Colder; will be;
If black's out above no change will be.
The above forecasts are made for a period of thirty-six hours, ending at 4 o'clock tomorrow eve.

Dr. E. O. Fetter of Cincinnati will likely make this city his home. In that event he will move his Dental office here. Dr. Fetter married Miss Gortrud, daughter of Mr. George Harding of the East End.

The engagement of Miss Birdella Megibben, daughter of Mrs. T. J. Megibben of Cynthiana, and Dr. Henry Houser of Louisville has been announced. The wedding will take place the first week in October, and immediately afterward the couple will leave for a trip to England and the continent.

Hon. A. T. Siler of Williamsburg, Republican candidate for Railroad Commissioner in this District, spent last night in this city. He and Dr. Ben J. Bruner spoke yesterday to a good big audience at Flemingsburg and were en route to Winchester and Shepherdsville, their next appointments. CAUTION:

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1896 for the cure and treatment of Consumption and Throat and Lung troubles without losing its popularity all these years, you will be thankful that we called your attention to Hoochee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 2½¢ size has just been introduced this year. Regular size 75 cents. At Henry W. Ray's, next door to Postoffice.

THAT'S THE LEDGER.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. So power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."

A Specific End

For which to save is needed by some men. If you could say: "I am paying for \$10,000, of 5 Per Cent. 20-Year Gold Bonds—mine if I live—my family's if I die—and I must save enough for that," would you put aside more than you do now?
